for all.*

75th Annual Report

FISCAL YEAR

JULY 1, 1966 to JUNE 30, 1967

CITY OF

RUTLAND, VERMONT

HENRY P. BATTLES

Alderman 1934 - 1938

City Clerk 1939 - 1967

CITY COUNCIL
CITY OF RUTLAND, VERMONT

TESTIMONIAL RESOLUTION

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF RUTLAND, VERMONT that:

WHEREAS, Henry P. Battles has completed twenty-eight years of faithful service as City Clerk of our city;

AND WHEREAS, his ability, dedication and leadership in this capacity have enhanced the fair name of our city and have gained for him the respect and admiration of all of the citizens of this community;

AND WHEREAS, we are proud of his excellent record of service and the immeasurable contribution which he has made to our city over these many years;

NOW THEREFORE, we the members of the City Council for ourselves and on behalf of the citizens of the City of Rutland do hereby DECLARE, PUBLISH AND PROCLAIM our sincere appreciation to HENRY P. BATTLES for his great and excellent service and express our most heartfelt wish that he have many happy and fruitful years to enjoy a well earned retirement;

AND BE IT FURTHER RESOLVED that this resolution be spread upon the official records of the City of Rutland and that a copy be presented to Mr. Battles.

Passed by the Board of Aldermen
this 4th day of December, 1967

Ethel W. Stearns
Ethel W. Stearns
President

Approved by his honor the Mayor
this 5th day of December, 1967

Harold J. Nichols
Harold J. Nichols
Mayor of the City of Rutland

Attest: John W. Barrett
John W. Barrett
Rutland City Clerk

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for cooperation given it and again to urge citizens to attend the bi-monthly Council Meetings.

SOME GENERAL INFORMATION ABOUT OUR CITY FOR NEWCOMERS AND VISITORS

The Police Department is comprised of 24 regular men, a chief, a captain, a lieutenant (detective), an administrative clerk, a traffic clerk and approximately 75 special officers. The Police department has 5 pieces of major equipment all with two way radio.

The Fire Department is comprised of 22 regular firemen; a chief, 2 assistant chiefs, 2 captains and 2 lieutenants and 10 call firemen. The Fire Department has 12 major pieces of equipment including a recently acquired Rescue Wagon.

Merchandise and materials purchased by the City must be by a purchase order obtained by all departments (except School Department). The Purchasing Agent is required to put out for bids all merchandise or materials costing \$200.00 or over.

All offices in City Hall are closed on Saturday.

No all night parking is allowed at any time during the year in the Central Business District.

All night parking in the entire city is prohibited from 1:00 a.m. to 7:00 a.m. from December 1st to March 31st, inclusive.

Hours of operation of the City Dump may be found elsewhere in this report.

Zoning Ordinances are available at the City Clerk's Office.

The Municipal Swimming Pool is located on North Main Street (US 7).

The Chaffee Art Gallery is located on South Main Street (US 7).

The Rutland Free Library and Lawrence Recreation Center are located at the corners of Center and Court Streets.

The Rutland Hospital is located on Allen Street, east of US 7.

The Board of Aldermen of the City of Rutland meet the first and third Monday of each month at City Hall at 7:30 P.M.

The Board of School Commissioners meets on the third Tuesday of each month.

Rutland is a central area of the surrounding ski country.

CITY ELECTION day is the first Tuesday in March—March 5th, 1968.

Copies of individual city ordinances will be available to the public after final approval of the City Council.

There are three ice skating rinks located in Rutland and also a small ski tow with instruction available.

Early History of Rutland

Rutland, the seat of Rutland County, is located on Otter Creek, in an amphitheater of mountains—Killington, Shrewsbury, and Pico on the east and north, and Herrick and Birdseye, in the Taconic Range on the west. Rutland County provided invaluable opportunities for its early settlers, because of a wealth of lumber, land, minerals and waterpower, plus its accessibility to Boston, New York, and Montreal.

The Charter of Rutland was one of sixty issued in 1761 by Governor Benning Wentworth of New Hampshire. The first grantee was John Murray, a prominent citizen of Rutland, Massachusetts, who probably named the township.

In 1769, Colonel James Mead bought about 7,000 acres of land for 100 pounds (approximately six cents an acre) from Nathan Stone of Windsor, and sold half to Charles Button of Clarendon. In March, 1770, Colonel Mead moved here from Manchester, Vermont, and settled near the falls in Center Rutland. The first meeting of landowners in Rutland was held in October, 1773. By 1774 there were 35 families, a log meeting house, and a Congregational Church located at Center Rutland.

About the beginning of the Revolutionary War, Fort Picket was built on North Main Street, near the corner of Terrill Street. Its name was later changed to Fort Rutland. In March, 1778, Rutland was made the headquarters for the State Troops, and the same year Fort Ranger was erected in Center Rutland.

In 1775, the Old State House was erected on West Street, near the present Armory. It was here that the first U. S. District Court in Vermont convened in 1791 and the State legislature met in 1784 and 1786. A log jail was built near the Court House.

In 1787, the town was divided into two parishes, East and West; what is now known as Rutland and West Rutland.

It was generally believed that the situation at Center Rutland offered better advantages as the site for the village than did Main Street in the East Parish, and it is probable that if the land owners in Center Rutland had not priced their land too high, the larger business center of the county would be located at that point.

Great quantities of wheat were sent to out-of-state markets, and the best corn mills in the county were located on Otter Creek. In the town was a printing office, and oil mill, a manufactory of nails, a hat manufactory, and a large brewery. It was said that every material needed for building except glass and paint were made here. Potash and pearl ash later became important commodities.

Rutland village (population about 7,000) was incorporated in 1847 by an Act of the General Assembly, and in 1856 it was divided into seven wards. The village was built almost entirely on Main and West Streets. The old stage coaches passed through Rutland from Montreal to Boston and New York. In the center of the village was Federal Square (now Court Square), and on each side as on Main Street, handsome houses drew the attention of travelers.

A new period of expansion began in 1850, with the advent of the railroad. Rutland was the central railroad point, and at that time 45 trains a day entered the village. The marble industry, started in 1820, doubled and redoubled, and Rutland grew in commercial importance more than any other place in the state.

The City Charter was granted November 19, 1892, and the first mayor was Dr. John A. Mead. The City of Rutland then had a population of 11,760, and included about 8¼ square miles.

MAYORS OF THE CITY OF RUTLAND

John A. Mead	1893

- June 20 **Last day for payment of poll and old age assistance tax** without penalty.
- June 30 **Last day for action** by the Board of Aldermen on the Mayor's annual budget.

Mayor's Message

To the Citizens of Rutland:

Once again it becomes my duty to present to the people of Rutland the Annual Report which covers the fiscal year from July 1, 1966 to June 30, 1967.

As we review together the events of the past year, it is apparent that Rutland continues to move forward with programs of progress.

Yet, as we move forward, much remains to be accomplished. This is our City. Together we must take an active interest in its affairs by participation in civic activities or at least by keeping abreast of events as they occur. When we do not understand, that is the time to question. We should not leave the mechanics of city government to some one else because a good citizen is an interested citizen. Government involves all the people, and as your Mayor, I urge your participation and encourage your interest.

As we look back upon the past fiscal year it is significant to note that in this age of constantly rising costs, Rutland was able to lower its tax rate significantly. Our rate was reduced by 20c per \$100.00 of assessed valuation. This was made possible by the existence of a \$167,000.00 surplus in the general fund, a deduction of \$28,000.00 in the school budget and because of an increased availability of state aid to education.

The city's taxable property increased the grand list by over one million dollars. Industrial expansion, increased home building, and the enactment by the 1967 Legislature to place the Welfare Department within the jurisdiction of the State of Vermont next year contributed to the significant reduction in our tax structure.

There have been many major improvements made during the past year. Water pressure in the northeast section of the city has always been a problem. Although not totally corrected, the problem has been lessened by the installation of new pressure-reducing valves. This was done in the Woodstock Avenue and East Street section. As a plan for the immediate future, the city hopes to install new water mains from the Chlorine House to city mains and this will solve many of the water pressure problems.

Unfortunately, legal problems in the past few months did not permit the city to remove the unsightly River Street Bridge as we had planned. However, we are optimistic the final hurdles of land easements will be cleared soon. Then work can begin in earnest.

Few people will question the need of a new and more centrally located fire station. Although we recognize the need for such a structure, careful planning and study should preface our action in this direction. Hopefully, in the not too distant future this structure may become a reality.

Through the efforts of the Young Executive Club of the Rutland Region Chamber of Commerce, Rutland has a new and attractive Tourist Information Booth in Main Street Park. The City is deeply proud of this building and we wish to thank all those who donated money, materials and labor to this project.

During the past year, a Regional Planning Commission was established to formulate a scope of services for future area planning and development. George Oakman is Rutland's representative on this commission.

Next March the city will have an opportunity to use a new voting device at the annual election. We will have, on a trial basis, 50 to 60 IBM votomatic machines which will replace the traditional paper ballot system. The device eliminates long lines at the polling places, speeds the returns and enables a quick and accurate tabulation of results by computer. These machines are relatively easy to operate. The voter merely punches out scored areas in the ballot card to indicate his preference for candidates and issues. Should these prove to be practical, the city will consider purchasing the necessary number at nominal cost.

By August, 1968 we expect to have completed 60 units for the housing of many senior citizens of Rutland. This development is under construction on Tremont Street. We are deeply indebted to our Representative, the Honorable Robert T. Stafford for his efforts in Washington in expediting the project. The Rutland Housing Authority is also to be commended for its efforts as well as Mr. Payson Webber for his fine contribution to the project.

During the past year, Rutland was selected as the first Vermont City to participate in a federal program designed to create more effective traffic patterns in cities. The agency is called "Traffic Operations Program to increase Capacity and Safety." The planning project will cost \$32,500, but the expense to the city is only one quarter of the total expense. The program hopes to solve many of the traffic problems caused by vehicles

entering the city from interstate or major highways. The study will take six months to complete and implementation is expected to take five years.

At this time I wish to thank the Board of Aldermen, city department heads and all city employees for their cooperation during the past twelve months.

I am especially appreciative of the fine work of the City Planning Commission which made a significant contribution to our city government. They devoted many long hours updating the city Master-Plan, compiling tax study data and priority projects for Rutland.

We are also very proud of the fine new Shopping Plaza which graces our downtown business area. It is a most significant step in the modernization and development of our downtown district. My deepest congratulations to the developers and to those firms now doing business in the Plaza.

In addition, Rutland is proud to welcome all those new establishments which have opened in our business section. We welcome them and we are proud to count them within our prosperous economy.

The retirement of City Clerk Henry P. Battles last June 30 marked the end of many years of faithful service of a dedicated public servant. For 28 years Mr. Battles worked tirelessly and conscientiously in that office. On behalf of our people I wish to express my sincere appreciation to Mr. Battles for his fine work. May he enjoy many years of good health and happiness.

HAROLD J. NICHOLS

Mayor

BUDGET 1967-1968

LETTER OF TRANSMITTAL

June 19, 1967

*Honorable Board of Aldermen,
City of Rutland, Vermont*

Gentlemen:

In accordance with the requirements of Section 83 of the City Charter of the City of Rutland, I submit estimates of the various departments for fiscal year July 1, 1967 to and including June 30, 1968.

The total is \$3,486,012.72 or \$195,515.63 in excess of 1966-1967 fiscal.

Our estimated revenue is up better than \$87,000 over last fiscal.

Appropriation for all departments other than schools is up \$34,000.00. The schools are up \$161,000 over fiscal 1966-1967.

The grand list figures are not available as of today.

Respectfully submitted,

HAROLD J. NICHOLS,
Mayor

1967-1968 ESTIMATED REVENUES

General Property Taxes:

The Board of School Commissioners meets the Third Tuesday of each month, except July and August, in the Board Office at the Longfellow School Building on Church St. at 7:30 p.m.

SUPERINTENDENT OF SCHOOLS

Dr. William A. Atkins, Jr.

Office: Longfellow School; Residence: 79 Davis St.

Mrs. Therese A. Hooker, Mechanic St., Pittsford
Administrative Assistant

Mrs. Hazel M. Kibbey, Campbell Road, *Secretary to the Supt.*

The office of the Superintendent is open daily from 8:00 to 5:00.

Schools

To the Honorable City Council and the Citizens of Rutland:

We are pleased to present the annual school report for the fiscal year ending June 30, 1967. The report consists of two parts—a narrative statement about the schools' program and a financial and statistical report. Within the limitations of space and the requirements of the law we shall try to present a thorough, complete and concise report of the Rutland Public Schools during the past year.

CURRICULUM AND INSTRUCTION

Elementary Schools

The instructional program in our seven elementary schools has continued to improve during the past year. In the field of reading, additional new textbooks were purchased for the upper elementary grades and the individualized reading program was extended into additional classrooms. This program has proven very successful. The mobile book service was extended into each of the elementary schools. Under Title II of the Elementary and Secondary Education Act we purchased approximately \$4,000 worth of library books for the elementary schools. We also had the services of a full time elementary school librarian for the first time.

The modern mathematics program which was instituted last year continued at all grade levels. The program has proven very successful both from the standpoint of teacher acceptance and from the learning of the children.

In the field of science, curriculum investigation took place during the year with elementary teachers visiting classrooms in the Junior High School to find out more about that science curriculum. Junior High School teachers also visited elementary school classrooms. The outcome of this intervisitation in curriculum study will be the development of a written science curriculum for both elementary and secondary schools.

A group of teachers at the Northeast School spent a portion of the year developing a project under Title III of the Elementary and Secondary Education Act to preserve and utilize the natural swamp area at that school. This plan would permit students from all schools in Rutland, both public and parochial, to utilize this outdoor conservation laboratory. We eagerly await the approval of this project.

The Physical Education program was offered two days a week for the first time in the elementary schools. This has proven very successful and has provided more physical education experi-

ences for the students. We also provided physical education for the children at the Havenwood School with the children being bused from the Havenwood School to the Northwest School to utilize the gymnasium.

We continue to utilize education television in all schools with several of the schools having received additional television sets purchased from budget funds and P.T.A. contributions. In one case, the P.T.A. paid for the installation of a television cable outlet in each classroom. We eagerly await the beginning of broadcasting from the State Educational Television station.

School-to-home telephone service for a homebound child is still in use at Longfellow School. This has proven very successful and insofar as we know is the only program of its type at that grade level in the State.

The services of the Rutland County Counseling Service were provided to both public and parochial elementary school children. The school budget contributes \$10,000 to support this project which offers direct service to children and has been a tremendous help to teachers, students, and parents.

The Remedial Reading program which was instituted last year continued and has proven very successful. This program will be expanded next year to include all of the elementary schools in the City.

We continue to utilize the services of student teachers from Castleton and The College of St. Joseph the Provider. In addition to providing a worthwhile experience for these student teachers, we feel the pupils in our classrooms benefit from having the contact with more than one teacher.

During the year construction was started on the two new additions which were approved by the voters on June 7, 1966. These additions are at the Dana School and Northeast School. The Dana addition will have three classrooms, a library, and a multipurpose room. The Northeast addition will have 6 classrooms and a library. This will overcome the enrollment problem at these two schools for the near future. However, we continue to feel enrollment pressures at the Lincoln and Southeast Schools.

Junior High School

In the field of English we were very pleased that Mrs. Marjorie Dundas had an article published in the February 1967 issue of *The English Journal*, the official journal of the National Council of Teachers of English. This article described Mrs. Dundas' procedure for developing a newspaper in her 8th grade English classes. Mrs. Doris Miller produced 6 narrated filmstrips for use with her 9th grade classes. Most of the audiovisual work was done at the Junior High School and teacher talent was utilized fully in both narration and production.

In the field of Mathematics a comprehensive and thorough curriculum study has been initiated by the department in cooperation with the elementary schools. Some thought is being given to writing our own sequential math program for slow learners and an introductory algebra course at the 9th grade levels for pupils not in need of a review program.

The curriculum study in science that involves elementary teachers is well under way. A program in Introductory Physical Science was being considered for inclusion starting in September as an accelerated program for 9th grade students as an alternative for biology.

In social studies a pilot program at the 7th grade level was initiated in cooperation with Education Services, Inc. The unit, "The Death of a Republic: A Study of Roman History" extended over several months and was presented on WCAX-TV as a part of the regular Vermont News program. Miss Nancy Layden was the instructor for this class.

Mrs. Shirley Smith took 74 ninth grade pupils on the annual trip to Washington, D.C. This seems to have developed into an eagerly awaited annual affair at the Junior High School.

In the Art Department, two of the 9th grade classes made a two-day field trip to the Boston and Gardner Art Museums. The pupils earned their way through a highly successful candy sale drive. Mr. and Mrs. Galo acted as chaperones for this trip.

In a contest sponsored by the Vermont Chapter of American Association of Teachers in French, we had Mary Yamashita, Kathy Sule, and Maureen McKeon as winners for the State in Division A.

The library at the Junior High School was furnished with draperies and wall to wall carpeting at no expense to the School Department through money earned by the students. This has markedly improved the looks and function of the library.

In the Guidance Department, group guidance classes are scheduled once a week for all 9th graders. Outstanding counseling was provided for all pupils but an unfavorable counselor-pupil ratio continued to hamper this phase of the program. This will be corrected by the addition of a full time counselor next year. Case conferences involving teachers, parents, and counselors are increasing in frequency and have proven satisfactory. Drop-outs were few and represented less than 1% of the student body.

Achievement Test results demonstrate that Rutland Junior High School average scores in reading, mathematics, and English continue to far surpass the so-called national averages for all three areas in all three grades.

Several open houses were held during the year including physical education, art, science, shop, and home economics work. The second annual "Purple and Gold," a graduation souvenir newspaper, was published this year.

This was the first year for our new principal, Mr. Dominic Paul, who did an outstanding job and has proven a worthy replacement for Mr. Francis Bean, who retired last year.

Rutland Senior High School

This was the last year at the High School before the major increase in enrollment. However, our program continued to improve at the High School. A new remedial reading program, funded under Title I of the Elementary and Secondary Education Act has proven very successful, with about 54 students participating.

Electronic equipment for teaching shorthand was installed and helped immeasurably to provide for individual differences among pupils studying that subject. A State-approved program of giving credit for Typing I to students when they met requirements for speed and accuracy in that subject was even more successful than we expected.

A major physical improvement in the building was the installation of an elevator which was done with funds from the Bond Issue. Many students with leg fractures and sprains used the elevator during the year for varying amounts of time. It was also invaluable for transferring large quantities of books between the library and classrooms, for moving heavier audio-visual equipment from floor to floor, and for moving freight and heavy equipment from receiving areas to the upper floors.

Anticipated changes for next year mean that Rutland High School will be one of twenty-one Vermont High Schools to receive State Board of Education approval as having met minimum standards. We will, however, have to increase our school day from seven periods to eight periods to handle the increase in enrollment.

Some of the accomplishments of students at the school during the year included the winning of the State Championship for Class L schools by our basketball team. We had four letters of commendation for excellence on the National Merit Scholarship, as well as two finalists and one scholarship winner. Twelve seniors were awarded State Scholarships on the basis of achievement. This was a greater number of Vermont scholars than any other school in the State this year. First and second places in this district were won by Rutland High School juniors in the Edmunds Essay Contest. First place in French II and second place in French IV were won by Rutland High School students in the annual State-wide French examination conducted by the American Association of Teachers of French. Three sophomores, three juniors, and two seniors scored in the top 20% in the University of Vermont National Life Insurance Co. annual state-wide mathematics examination. Miss Joan Burke was selected one of two seniors in Vermont to represent the State in the

Senate Youth Program in Washington, D.C. David Miller's art panel was selected for display in Washington, D.C. on the Kennedy Memorial.

Approximately 61% of our 1967 graduates will continue their formal education. There are 31% of them at four year colleges, another 23% at business, technical, nursing schools and junior colleges and 7% in other post high school programs for further education.

Nearly all of the qualified senior girls in the Business Education Department have positions in the business community. A program of part-time employment for these girls during the last nine weeks of the school year has given them an opportunity to learn from first hand experience the nature of office work and to find the type of employment for which they are best suited and in which they can be the most productive. A number of the male graduates of the trade-technical program have also had employment in jobs directly connected with or related to their high school preparation.

Once again we were fortunate to have an outstanding young man, Ingvard Wilhelmsen from Norway, as an exchange student under the sponsorship of the American Field Service. Next year we are looking forward to being host to a young man from Holland. For the first time under the same program, one of our juniors, Andrea Bishop, is spending a full year of study abroad in South Africa.

Two clubs of significance, both closely related to curriculum and guidance, were formed and proved to be very successful. The Future Nurses' Club had a large membership and became affiliated with the National Association of Future Nurses' Clubs. The Spanish Club met regularly and was served authentic Spanish dishes, learned Spanish dances, and through speakers gained a far greater understanding of the cultural background of Spain than they could have obtained through regular classwork alone.

Area Vocational School

For the first time we acted as the Area Vocational School having received this designation from the State Department of Education. We accepted students from seven surrounding high schools into our program. In order to accommodate these students, a 3:00-6:00 P.M. shift of classes was inaugurated. While this enabled students to take courses, it is not an ideal situation which we hope will be corrected by the addition of a new Vocational wing for which we have already received a State-approved appropriation of \$900,000.

This year 83 students from seven high schools attended classes in the Area Vocational Technical Center. The outside schools besides Rutland High to participate were West Rutland

High, Proctor High, Fair Haven Union High, Poultney High, Black River High, and Mount Saint Joseph Academy. Next year Otter Valley Union High and Wallingford High are expected to send some students.

Automotive equipment was given to the school through Stinson Ford Motor Sales and Lindholm Motor Corporation. Merit Pin awards for excellence, shop performance, and attitude were given to Donald Young, Joseph Young, James Jasmin, Thomas Austin, Bruce Ashton, Bobby Duncan, Donald Hill, Douglas Bora, Howard Delphia, Neil Durkee, and John Farrell. The Howe Richardson Scale awards went to Donald Hill of Rutland High School and Wayne M. Socia of Mount Saint Joseph Academy. The Vocational Technical Council has done a remarkable job including providing food baskets, holding a money raising dance, setting up and maintaining the picnic area in Mill Village, arranging for window displays, and decorating the Trade and Technical Department for the winter holidays.

Adult Evening School

The Rutland Evening Vocational and Technical School began the first part of October and ran continuously until June 16. The largest enrollment ever, 703 adults, participated in the courses which were given at the school, industry, the hospital or the City Hall. Courses were from 20 to 480 hours in length. The various types of programs included apprenticeship, trade and technical extension, manpower trade and development, vocational business or office practice, home economics, health occupations. The sponsors were the Rutland Public Schools, Vermont Apprenticeship Council, and the Division of Vocational Education along with many local industries and businesses. More courses were offered for adult education than any year in the past. All persons satisfactorily completing their courses received a certificate.

HEALTH EDUCATION AND SERVICES

A very extensive health program is conducted in the Rutland Public Schools. An immunization program was held in the City schools in March and April under the supervision of the doctors of the City of Rutland and the Board of Health. This is a free service available to all children who attend kindergarten and grade one. Twenty-six series shots and 192 booster shots were given for diphtheria-tetanus. A total of 260 children received smallpox vaccinations. Clinics for measles were held in November for children in kindergarten and grades one and two. Eighty-eight kindergarten children, 91 first graders, and 88 second graders received measles vaccination.

Flu vaccine was administered to the school personnel by Dr. Carleton Stickney with 77 adults receiving the vaccine. The annual kindergarten physical examinations were given by the following physicians whom we wish to thank: Dr. William Brislin, Dr. Joseph Dauphinais, Dr. Arthur Wolk, Dr. Stuart Smith, Dr. Emilie Perkins and Dr. Emmett Fagan. During the year referrals were made to the following agencies whom we also wish to thank for their assistance: Rutland Lions' Club, Rutland City Welfare, Community Child Care, Inc., Department of Social Welfare, Department of Public Health, Children's Aid Society, Vermont Association for the Crippled, Inc., Vermont Department of Public Health, and Rutland Mental Health Services, Inc.

A total of 4029 children were tested for hearing with 98 children receiving corrective action. The vision test examined 4607 children with 439 children receiving corrective action.

First Aid and dressings were applied whenever necessary throughout the school year. The School Nurses handled 1062 cases of first aid, 2707 medical cases and 756 miscellaneous cases.

The School Nurses work with Dr. Charles Beale, Health Officer, in trying to control the spread of communicable diseases.

Our Dental Hygienist treated 548 second and fifth grade children under the prophylaxis and fluoridation program. Dental inspections were given to 2543 children during the year. Some 848 notices were sent home to parents suggesting they take their child to the dentist for advice and treatment. Emergency dental treatment was given to 128 students during the year. Fifty indigent children were referred to Community Child Care, Inc. for complete mouth rehabilitation. Twenty-three students in the public and parochial schools received dental treatment under Title I of the Elementary and Secondary Education Act. Thirty-two children received dental treatment under the Operation Headstart program.

Our Speech Therapist served a total of 100 children for all or part of the school year. A block system of scheduling was used in which elementary children received four sessions weekly for two groups of eight weeks each. The Junior and Senior High School scheduling problems were such that each student was limited to one session weekly. A survey was made at the Junior and Senior High Schools based on teacher referrals in an effort to ascertain the number of students needing speech therapy. Results of this survey, coupled with results of testing carried out in Junior High the previous year, indicated the need for a full program of services at the secondary level. The Board of School Commissioners have approved a second Speech Therapist for the schools for next year. We are one of the few systems in the State having Speech Therapists and are very proud to be able to offer this service.

MAINTENANCE DEPARTMENT

The Building Committee of the Board of School Commissioners conducted the annual inspection of all schools and report that the Maintenance and Custodial Departments continue to keep our schools in fine condition. The following is a partial list of some of the things which have been done during the past year by our own maintenance department.

Painting

A total of 22 classrooms at the High School, Junior High School, and Northwest School were painted as were the Girls' Locker Rooms at both the High School and Junior High School. The hallways upstairs and down at Longfellow School were also painted.

Furniture

Several bookcases were built and painted for Longfellow and Northeast Schools. Chairs in one classroom at Northwest were refurnished. Seventeen study carrels were built and varnished for the High School Library.

Building Repairs and Additions

A partition was removed in the library workroom at the High School and at the Junior High School. New shelves were installed in the storeroom for library use. A partition was removed in the Teachers' Room at Northeast and Longfellow Schools. Underlayment and tile were laid in the Longfellow School throughout the entire building, and new stair railings and rubber stair treads were installed. Other miscellaneous work such as repairs to doors and closers, glass, electrical and plumbing fixtures were also done as needed.

Electrical

New lights were installed in the Longfellow Cafeteria. A new fan was installed at the High School Machine Shop and necessary repairs were made to present fixtures.

Plumbing

The entire Longfellow Heating System was changed from the old gravity type to a pumpdown system. Four toilets, sinks, and drinking fountains were installed in classrooms. All boilers were cleaned and checked, and plumbing and water pipes were moved at the High School for the elevator shaft. All other fixtures were maintained in working order. The emergency generators are maintained regularly, and garbage and rubbish is collected weekly. The Maintenance Department also distribute books and school supplies and maintains the High School Field. They distribute the food commodities to the various elementary schools from the High School.

The Fire Sprinklers at Datta, Lincoln and Park Street School were also serviced by the Maintenance Department.

NEEDS OF THE SCHOOLS

Many of the needs of the schools are included in next year's Budget. A brief explanation of some of these is found under the Budget section of this report.

Undoubtedly, our most pressing need is new space at the secondary level. Next year we will have over 1600 students enrolled at the Junior and Senior High Schools. This is many more students than these buildings are able to accommodate. The Building Committee of the Rutland Board of School Commissioners is working on the space problem and plans to present a proposal to the voters in the spring of 1968.

Our long range planning for the elementary schools should include provisions for libraries in those buildings which do not now have them. The State will soon be requiring libraries for elementary schools.

We should also begin thinking seriously about the inclusion of special classes for emotionally disturbed and disruptive children. At the present time we do not provide for these children in any real way in our system.

Better facilities are needed for physical education and athletics at the Senior and Junior High Schools. The present field is inadequate for the large number of students who use it.

We must continue to provide reasonable class sizes for our teachers. At the present time we are meeting the State Minimum Standards but are certainly not at the forefront in providing the best education possible for our students since we still have overcrowded classrooms in some of our schools. This is especially true at the Lincoln and Southeast Schools.

SCHOOL BUDGET

Our Budget has been adopted by the Board of School Commissioners as provided for in the City Charter. However, according to law, we are "presenting" the Budget elsewhere in this report.

A study of the Budget, as compared with last year's will show that the increases are mainly due to:

- 1) Salary Adjustments for teachers and other school personnel.
- 2) Increased costs of fringe benefits for hospitalization, social security, and City Pension.
- 3) Additional teaching staff required due to increasing enrollments, program improvements and need to meet State Minimum Standards.
- 4) Increasing costs for maintenance, supplies, and instructional equipment.
- 5) Material, furniture, and equipment for new additions.

IN MEMORIAM

The Board of School Commissioners regret the passing of the following personnel in the Rutland Public School System:

Mrs. Elizabeth Green
1943-1966—High School Librarian

Mr. Lloyd Flaitz
1937-1963—Former Football Coach, Rutland High School

Mr. Edward C. Miller

1957-1967—Director of Guidance, Rutland High School

OUTSTANDING SERVICE

The following personnel retired from our system after having devoted many years of service to the children and citizens in Rutland:

Mr. Edmund Boyce	1933-1967
Mrs. Marguerite Corey	1956-1967
Mrs. Mildred G. Crowley	1956-1967
Miss Katherine C. Fox	1937-1967
Mrs. Hazel N. Miller	1948-1967
Mrs. Florence M. Boyce	1937-1967

In closing we wish to thank our teachers for their professional skill and devotion to their students. We also wish to thank the citizens of Rutland for their continued interest and support of our educational program.

Respectfully submitted,

HAROLD J. SHORTSLEEVE, *President*
Rutland Board of School Commissioners

WILLIAM A. ATKINS, JR.
Superintendent of Schools

Rutland Free Library

For the Year Ending June 30, 1967

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my fourth annual report as the Director of the Rutland Free Library. During this year we moved into the new, and long needed, addition to the library.

It is worthy of repetition that the generosity of Mr. Edwin W. Lawrence, who lived to see the work brought to its completion, provided the impetus to begin the building project. Mr. Lawrence's gift, combined with monies from the Library Association's trust funds and a Federal grant, has provided the citizens of Rutland with a plant which expands the library's service area by nearly 80 percent.

The new Lawrence Reading Room, opened during the past fall, offers adults a restful, relaxing area away from the main focus of library activity. It also includes individual carrels for serious study use. New stacks in the central portion of the addition are allowing for the orderly arrangement of the library's expanding collections.

The new children's wing provides for separate rooms for older and younger elementary grade and preschool age children. The move into the new children's wing was carried out during the Christmas period. Earlier, in the fall months, the work of shifting portions of the adult collections into the new central stack section was completed. At that time the move of the staff from the old office room to the new workroom also was made.

The new adult and children's wings, along with the old section of the children's department, were carpeted. The old portion of the library was brightened by a repainting. A new charging desk was installed in the adult department opposite the former desk location, making the stacks more accessible to the public and relating the public catalog more closely to the stacks. In conjunction with this the low shelving which had separated the reference room from the card catalog and circulation desk was removed, and shelf units for new books were added, with the effect being that of "opening up" both functionally and psychologically the library's main adult area and combining its sections into one coherent whole.

New drapes were hung both in the addition and in the older part of the library near the year's end. At a pace which very often seemed deliberate to those involved, each of the various and successive phases of furnishing, moving, and refurbishing

was worked through. This carried over to the outside of the building eventually, where filling and painting of the doors and the outside book box were done.

Several diseased trees were cut down, their stumps removed, and the ground loamed over and reseeded. A new sidewalk was laid on the Court Street side of the library. The Rutland Garden Club financed the feeding, pruning, and strengthening by cable of the old maple tree symmetrically located at the rear of the addition.

Library Staff

Rutland Free Library has been without a Children's Librarian since August 1, 1966, following the resignation of Mrs. Howard Douglas. Mrs. Douglas left to become librarian for the city's elementary schools.

Miss Kay Kai Lee, Cataloger, who married during the year, left Rutland in July 1967, to live with her husband in Massachusetts. The library is making an effort to fill the vacancies left by Mrs. Douglas and Mrs. Lee, so that it may maintain a good level of service to its public.

Government statistics clearly indicate the competition a library must meet in the hiring market today. Within the library field each year about 2300 new graduate librarians can select from among over 100,000 existing vacancies.

Playing familiar staff roles again this year were Mrs. Frances Carroll, Miss Vivian Hewitt, Mrs. R. Gale Spaulding, custodian George Myers, and Miss Marjorie Loveland, who began working full-time in October. Replacing Mrs. Carolyn Sharp on a part-time basis was Miss Goldie Jenkins. Summer assistants in the children's and adult departments, respectively, were Thomas Field and Ralph Peters, along with Mrs. Elizabeth Taylor, children's storyteller. The library bookkeeping and other financial matters again were attended to by the Misses Irene Francis and Josephine Rosmus.

Book Collection

Circulation continued at the high level of over eight books per capita, a figure which most libraries in the size group of Rutland do not achieve. With the expansion of the library facility, the book budget was increased with the end of filling gaps in the collection and strengthening it overall.

A few of the many new reference works acquired during the year in a variety of subject fields were Ewen's American Popular Songs, Sutton's Speech Index, Chamber's Encyclopedia, The Encyclopedia of Philosophy, The New Catholic Encyclopedia, The Jewish Encyclopedia, The Negro Handbook, The Encyclopedia of World Art, The New American Guide to Colleges, Cottrell's Old Pewter, Ewen's Great Composers 1300-1900,

The New Hunter's Encyclopedia, The New Fisherman's Encyclopedia, Harper's Dictionary of Classical Literature and Antiquities, Heraldic Design, Ethridge's Contemporary Authors, Encyclopedia of the American Revolution, Moody's Manual of Investments, Random House Dictionary of the American Language, and Rand McNally Commercial Atlas. The use of these non-circulating materials by the public increases noticeably as time goes on.

The library received excellent publicity of its programs, activities, and plans from the Rutland Daily Herald. Displays were arranged by Mr. Wilbur Bradder, who also donated his services in refinishing the display case. One of the features of National Library Week was a display of notable books in the Blue Cross window downtown.

Gifts of money and a number of books were received from library friends. A Fund was established from the many gifts received in memory of Mr. Seargent P. Wild, a former President of the Library Board, whose passing signified the loss of a long-time friend and supporter of the library.

Board of Trustees

The hard work and long hours contributed by the members of the Library Board toward the strengthening and improving of the library situation often go nearly unnoticed. The past two years, especially, have been unusually busy ones for them. President this year was Dr. John R. Williams, under whose direction several very active committees worked. Mrs. Robert S. Franzoni chairmanned the House and Equipment Committee, working with Mrs. Bradford N. Smith. Peter Goshgarian headed the Finance Committee, whose other members were Eugene Franzoni and Robert E. Schill. Mrs. Henry L. Pratt was Chairman of the Personnel Committee, whose other members were Mrs. Stetson C. Edmunds and Mrs. Horace J. Lyne. Composing the Nominating Committee were Chairman Mrs. Smith, Mr. Robinson E. Keyes, and Mrs. Morris B. Wolk.

The Director served on Governor Hoff's Library Advisory Evaluation Committee, which made recommendations to the Vermont Legislature. He was a member of the New England Library Association's Membership Committee, and also was a member of the Rutland Local Planning Committee of the American Nurses Foundation, for which group the library has maintained a shelf of professional materials for seminar use.

From the idea of the need for an expansion and Mr. Lawrence's gift of nearly four years ago we have seen matters through, from the stages of planning and the application for federal funds to the completion of the construction, the furnishing, and the moving

into the new addition; the rearrangement, redecoration, and modernization within the old building; the strengthening of the adult and children's book collections; and the improvement of service to the public as a result of all this.

Rutland now has been provided with the plant it needs. Hopefully, with strong city budgetary support the library will be able from an increasingly competitive market to hire and retain the staff essential to the effective operation of its plant and services.

It has been both challenging and a pleasure to play a part in these activities. I would like to express thanks for the cooperation and help received again from the library staff, trustees, and officials of the City of Rutland as we have worked together during this past year.

Respectfully submitted,

CHARLES D. MAURER, JR.

Director of the Rutland Free Library

Sewage Disposal Plant

*To the Mayor and City Council,
Rutland, Vermont:*

Gentlemen:

The plant has been in operation for over four years and during the past year we operated without any major trouble.

During the year several minor improvements have been made to improve the operation of the plant.

During the year it was our pleasure to have several groups of school children and adults visit the plant and we explained to them the different operations of the plant and the pumping stations.

A total of 1,649,829,000 gallons of sewage and storm water was processed.

More than 160 cubic yards of grit was removed.

Visitors are always welcome to visit the plant and we are always willing to explain the operation.

Engineering Department

This department has charge of maps and records in the City Engineer's office and any revision of same. We also lay out sewer lines, water lines, street lines, grades and surveys of City lands in Rutland and Mendon, Vt.

At this time I wish to thank Mayor Harold J. Nichols, the Honorable Board of Aldermen and all City officials for their kind cooperation and helpful suggestions during the year.

I also wish to thank all members of the Public Works and Water Departments for their loyal and cheerful devotion to duty.

Respectfully submitted,

HERBERT L. ERICKSON

Acting Commissioner of Public Works

Newly rebuilt Crescent St. from Church St. to North Main St.

Public Works Department

June 30, 1967

To the Mayor and City Council,
Rutland, Vermont:

Gentlemen:

I hereby submit the annual report for the year 1966-1967.

Street Department

A large number of streets throughout the City were reshaped, graded and a tack coat of asphalt applied.

Crescent Street, from Church Street to North Main Street, was excavated, graveled, double tack coated and paved.

South Main Street, from Engrem Avenue to Mansfield Place, was widened 6 feet on the east side. New curbing was installed and several catch basins relocated. This area was excavated, graveled, double tack coated and paved.

Allen Street, from the railroad crossing to Mussey Street, was excavated, graveled and double tack coated.

Materials used are as follows:

Asphalt.....	37,779	Gallons
Pea Stone.....	1,322.5	Tons
"A" Stone.....	14	"
Grits.....	506	"
Sand.....	161	"
Crushed Gravel.....	36	"
Hot Mix.....	921.67	"

We also used 870 tons of Cold Patch to repair holes in the streets.

We constructed 5,939 square feet of sidewalks and 2,033 feet of curbs. Numerous other walks and curbs were repaired. Catch basins were built and repaired and a great many small jobs completed.

Guardrails were repaired or replaced and repainted; old street signs were replaced with new Scotchlite signs.

Several trees were removed in addition to 73 trees which were affected by Dutch Elm disease. Approximately 1,750 trees were sprayed with Mist-Blo 26-C.

Equipment purchased included one 3/4 yard shovel; one arc welder; one Chevrolet sedan.

Sanitation and Waste Removal (Sewers)

Sewer main extensions were made on the following streets:

Northeast Drive.....	445 feet—8" tile
Meadow Lane.....	48 " "
Engrem Avenue.....	508 " "
Oak Street.....	155 " "
Hilltop Terrace.....	375 " "

Several new manholes were constructed and many more repaired.

Sewer mains were repaired and 114 were checked and unplugged.

Private sewers which were unplugged numbered 83 and there were 48 new house connections.

Equipment purchased—1 Sewer rodding machine.

Sanitation and Waste Removal (General)

The residential streets were swept and cleaned periodically and the business section was swept regularly.

High grass along the roadsides was mowed as well as city lots owned by the City and several private lots.

Brooks within the City limits were cleaned.

Clean Up Week was again conducted and 102 loads of debris was collected.

Election booths and ballot boxes used at various polling places were set up and removed by this department.

This department also has the care and maintenance of the City Dump.

Winter Maintenance

Roads and sidewalks were plowed and sand or salt applied to them. A total of 1,300 tons of salt and 2,500 tons of sand were used.

Water Department

During 1966-1967 the following water mains were installed:

Irving Heights.....	405 ft.—8" Transite Pipe
	16 ft.—8" C.I. Pipe
Charter Hills Devel..	16 ft.—8" C.I. Pipe
Engrem Avenue.....	167 ft.—8" C.I. Pipe
Rutland Street.....	15 ft.—8" C.I. Pipe
Hillside Road.....	13 ft.—8" C.I. Pipe
Hillcrest Road.....	645 ft.—8" Transite Pipe
Eastview Court.....	200 ft.—8" Transite Pipe
Emeritus Street.....	175 ft.—8" Transite Pipe
Hilltop Terrace.....	399 ft.—8" Transite Pipe
	6 ft.—8" C.I. Pipe

Newly purchased street sweeper.

We also installed 52 new services, repaired 33 services repaired 10 valves, 11 valve boxes, 68 curb boxes, 19 main leaks and 27 hydrants.

We had 23 relays and installed 148 new meters. We also installed 2 pressure reducing valves, one on East Street and one on Woodstock Avenue, and removed one pressure reducing valve on Division Street.

The following equipment was purchased:

- 1—CC Mueller drilling machine
- 1—Hydromatic sump pump
- 1—Leak Detector
- 1—Ratchet burr reamer assembly
- 1—Ford Industrial tractor with backhoe and front end loader

The City watershed and reservoir were maintained in the usual efficient manner.

Respectfully submitted,

HERBERT L. ERICKSON

Acting Commissioner of Public Works

Planning Commission

To the Honorable City Council and Citizens of Rutland:

The year 1966-67 has been a most active year for the Planning Commission.

The Planning Commission has updated the Municipal Plan and we are planning to present it to the Voters of Rutland at the next March elections for their approval. Once this has been adopted by the Voters, it shall be known and designated as the official Municipal Plan.

For the first time in the History of Rutland, the Planning Commission submitted to the Board of Aldermen and Mayor a list of priority projects for the city for the next four year period. The following is a list of these subjects.

PRIORITY PROJECTS FOR RUTLAND CITY NECESSARY IMPROVEMENTS REQUIRING BOND PLANS

PROJECT	Estimated Cost	Proposed for Fiscal Year	Date of Vote	Amount Each Year (b) (City Share Only)
1. Water Distribution— System Corrections and Additions	\$ 300,000	1967-1968	3/67	\$ 150,000 Majority Vote
2. New Fire Station	450,000	1968-1969	3/68	225,000 (2/3 Vote)
3. Union High School	3,600,000 (c)	1968-1969	9/67 (d) 3/68	2,500,000 Majority Vote (30% by State on 3,600,000)
4. Water Supply Increase	350,000	1969-1970	3/69	175,000 Majority Vote
5. Installation of Storm Sewers and Sanitary Sewers	1,400,000 (a)	1970-71	3/70	700,000 Majority Vote
6. Northeast and Southeast School Expansion	640,000	1971-1972	3/71	464,000 Majority Vote (30% by State on 640,000)

(a) Storm Sewers —\$691,000 } plus Planning and Legal Costs, etc.
Sanitary Sewers—\$431,000 }

(b) Based on Regional Plan when approved by H.U.D.

(c) Portion of total cost Rutland allotment.

(d) 9/67 vote on approval of Union School as a project.
3/68 vote on appropriation for Union School.

The first of these projects was presented to the Voters of Rutland last March and they approved a \$150,000.00 Bond for the water distribution system. Many of these projects may not be done as listed but it is a start in the right direction, which is planning for Rutland's future.

A subcommittee on tax study is about to be presented to the Mayor and Board of Aldermen through the Planning Commission, projected city tax revenues, Debt Service and monies used for city and schools for a period up to 1974. This will be of great assistance to city officials in presenting future projects to the Citizens of Rutland for their approval.

Your Planning Commission consists of the following members:

George B. Oakman, *Chairman*

Wayne M. Edson, *Clerk*

Ralph J. Bugbee

Payson Rex Webber

Harold J. Nichols, *Mayor-Ex officio*

Respectfully submitted,

GEORGE B. OAKMAN
Chairman

Fire Protection

August 10, 1967

To the Honorable City Council:

Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1967.

During the year the Department responded to 378 alarms as follows: telephone 296, street box 65, automatic detectors 2, radio 4 and verbal 11. There were 64 malicious false alarms. The Department also responded to 209 Special Service calls of various nature. The Rescue truck responded to 51 calls for the use of an inhalator.

This service has been greatly appreciated by the families of the persons to whom assistance was rendered.

There were two deaths caused by fire. On April 21, Pamela Mackin, age 15, and her Uncle Philip Crowley, age 53, were asphyxiated when fire damaged the Mackin home located at 16 Crescent Street.

The Fire Department responded to 13 out of town fires.

The following summary is the value of property endangered by fire, the amount of insurance carried and the amount of insurance paid as far as could be ascertained.

There are a few fires that the insurance has not received final adjustment.

	Value	Insurance Carried	Insurance Paid
Buildings.....	\$907,000.00	\$878,500.00	\$35,080.96
Contents.....	398,400.00	394,350.00	15,762.60
Totals.....	\$1,305,400.00	\$1,272,850.00	\$50,843.56

Totals.....	296	65	11	2	4	378

Personnel

The personnel of the Fire Department consists of a Chief Engineer, two Assistant Chief Engineers, two Captains, two Lieutenants and twenty-two regular firemen. Also ten Callmen who respond to whistle calls only.

Apparatus

The apparatus consists of:

- 1 1946 Buffalo 750 G.P.M. Triple combination truck
- 1 1948 Ford 500 G.P.M. Triple combination truck
- 1 1957 Maxim 85 foot hydraulic operated aerial ladder truck
- 1 1963 Maxim 1,000 G.P.M. Triple combination truck
- 1 1963 Maxim 750 G.P.M. Quadruple combination truck
- 1 1966 Chevrolet Rescue truck
- 1 1943 Jeep roadster
- 1 1961 Jeep 3/4 ton pick-up truck
- 1 1964 Rambler sedan
- 1 16 foot row boat and trailer
- 1 15 KW power unit

Cost of Maintenance

Salaries.....	\$166,193.72
General Expenses.....	16,961.42
Capital Outlay.....	1,664.25
Total Cost.....	\$184,819.39

The report of the recent inspection made by the New England Fire Insurance Rating Association made several recommendations, many of which are incorporated in the plans for the new central fire station.

The recommendation to replace the present Engine 2 should be complied with and I recommend that Engine 4 be replaced at the same time as it will be 20 years old by the time a new one would be delivered. To comply with some of the other recommendations of the Rating Association I would recommend an appropriation of \$52,000.00 to cover the cost of two new pumpers and other equipment recommended by the Rating Association. As the cost of the pumpers and other equipment would be from the Replacement of Fire Apparatus Funds at the present two cents on the grand list the entire cost would be absorbed in seven years.

There were 287 wiring permits issued during the year. There were 39 new dwellings built during the year, 35 of which were east of Main Street and four west of Main Street. There were a total of 52 new buildings erected, 6 buildings were remodeled into multiple apartment houses. There were also 8 new stores opened in the new shopping plaza. There were several complaints about burning rubbish handled. A total of 89 burning permits were issued.

I wish to thank his Honor the Mayor and all other City Departments as well as the members of the Fire Department for their assistance and cooperation during the year.

Respectfully submitted,

ALFRED H. KOLTONSKI
Chief of Fire Department

IN MEMORIAM

**Raymond R. Mooney**

Raymond R. Mooney started working for the City of Rutland in the Water Department in 1931. He later transferred to the Police Department and was appointed a regular police officer on August 16, 1937. He was appointed a Sergeant on April 21, 1947. He was appointed a Captain on July 2, 1955. He retired from the force on May 1, 1965 due to ill health. Captain Mooney died on November 14th, 1965.

He served in the United States Army, in the 772nd Air Material Squadron and the 552nd Air Service Group. He entered the military service on September 28, 1942; served in the European Theater; received the Good Conduct Medal and European African Middle Eastern Theater Campaign Ribbon. He separated from the service on August 14, 1965 at Fort Devens, Massachusetts and returned to duty on the Rutland Police Force.

He was a member of the Vermont Police Association from its inception. He was elected Secretary-Treasurer of the Association, an office which he held for many years, until he retired. He was presented a Life-Membership in the Association.

Captain Mooney was well known in the City of Rutland and outlying towns, and by the members of the Vermont Police Association throughout the State of Vermont.

(Ed. Note: This page was inadvertently omitted from last year's report.)

Police Protection

August 14, 1967

To the Honorable Board of Aldermen:

I hereby submit the annual report of the activities of the Rutland Police Department for the fiscal year July 1, 1966 to June 30, 1967.

The Department has a Chief of Police, one Captain, one Lieutenant, two Sergeants, twenty Patrolmen, one Meter Patrolman, Traffic Bureau Clerk, seven School Crossing Guards, and twenty-five Active Special Officers. Three additional officers are needed to maintain and furnish adequate service and protection. Increased services and demands on the department have required the increased use of Special Officers which many times are not trained or available.

Several major traffic changes and improvements have been completed or are underway. This has resulted in some improvement in traffic flow, and further improvement is expected. However, the results have only emphasized the need for a traffic survey of the city. It is expected that with funds provided in the budget that a survey will be completed during the coming year.

Department in-service training has been continued and will be stepped up during the winter months.

Renovation of the department quarters will be completed during the coming year which will provide somewhat better working quarters. However, the overall facilities are inadequate, and additional space is urgently needed.

Considerable new equipment and uniforms have been obtained this year, which has contributed greatly to the morale and efficiency of the department.

I wish to express my appreciation to Mayor Nichols, the Board of Aldermen, City Officials and especially the members of the Police Department for their assistance and cooperation.

Respectfully submitted,

STUART D. JENNE

Chief of Police

Health Officer

August 10, 1967

To the Honorable City Council:

Gentlemen:

It is the pleasure of your Health Officer to submit, herewith his annual report for the fiscal year beginning July 1, 1966 and ending June 30, 1967.

The Health Department is composed of a three-man Board of Health and a Health Officer.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

Six hundred ninety-eight contagious diseases were reported and quarantined during this period. A monthly chart follows:

Abbreviations

Mu.—Mumps
Mea.—Measles
C.P.—Chickenpox
W.C.—Whooping Cough
Ty.—Typhoid

S.I.—Streptococcal Infection
I.H.—Infectious Hepatitis
Polio—Poliomyelitis
I.M.—Infectious Mononucleosis
G.M.—German Measles

June	4	0	18	1	0	0	0	0	0	1	24
TOTALS	448	80	116	21	0	0	11	0	20	2	698

Several dog bites were investigated. There were no cases of Rabies.

The annual free inoculations and vaccinations to immunize children against Diphtheria-Tetanus and Smallpox were done in March and April. A total of 510 children received this protection. Drs. Ryan, Smith and Beale, ably assisted by Mrs. McCormack, Miss Burke and Mrs. Plumer, School Nurses, carried out this program.

In October free immunization shots for Influenza were offered to all City employees. Eighty-one employees availed themselves of this opportunity to receive this protection.

In our opinion these are worthwhile projects. This department urges all who are qualified to take advantage of these clinics.

A total of 365 samples of water from the City's taps were sent to the Bureau of Laboratories, Vermont Department of Health in Burlington for analysis. Twenty-two (22) samples showed evidence of contamination. This department again wishes to thank the water department for their excellent control work on the Water Shed and at the Reservoir, especially Mr. Harry and Rolla Jasmin.

Samples of water were also sent to Burlington from the Swimming Pool during its operation. Contamination did occur. However, with the help of the State Department of Health, corrective measures were taken and there were not any cases of illness reported.

Well over 100 nuisance complaints were investigated by the department. Several plumbing inspections were made.

In closing I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, State Board of Health, School Nurses, and the parents and physicians of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.

Health Officer

Board of Health:

ROBERT W. BEAUCHAMP, Phg.

HARRY RYAN, JR., M.D.

GORDON B. SMITH, M.D.

VERMONT STATE DEPARTMENT OF HEALTH ANNUAL TOWN REPORT, 1967

This is a report to the residents of your town describing the health services which have been rendered during the state fiscal year July 1, 1966 through June 30, 1967. These services are carefully planned so that maximum benefit may be gained from each tax dollar. For instance, one clinic may serve many towns if the number of patients is small. On the other hand, when a service is needed in a town or city, we make every effort to provide it.

I invite you to discuss this report with your friends and health officer and I would welcome any impressions which you care to forward to me.

The following is a list of some of the health services to the residents of Rutland City.

Attendance at well child conferences.....	587
Pediatric consultations for child health problems.....	...
Number of children given diagnostic services at hospitals..	13
Number of children financially aided with hospitalization..	9
Number of children aided at handicapped children's clinics for speech, hearing, orthopedic, plastic, neurological, or cardiac problems.....	121
Dental health education: number of children served in schools.....	...
People X-rayed for tuberculosis detection.....	120
People X-rayed for occupational diseases.....	293
Attendance at tumor clinics.....	17
Attendance at diabetes clinics or physician screening for diabetes.....	565
Diphtheria, Tetanus, Whooping-cough immunizations...	252
Polio immunizations.....	214
Smallpox immunizations.....	51
Measles immunizations.....	487
Number of water samples tested (private and public supplies).....	355
Food and dairy products tested.....	...
Blood specimens (pre-marital, pre-natal, and other).....	762
Other laboratory specimens.....	601
Nutrition, dietary consultations to institutions, groups, and individuals.....	25
Sanitary inspections, consultations (food and lodging, camps).....	758
Water, sewage disposal, public buildings and other inspections.....	68
Hospital, nursing home, and home health service inspec- tions and consultations.....	54
Public Health Nurse visits.....	285
Number served by Public Health Nurse visits.....	122

R. B. AIKEN, M.D., M.P.H., *Commissioner of Health*

Milk Inspector

August 10, 1967

To the Honorable City Council:

Gentlemen:

The following is your Milk Inspector's Report for the fiscal year beginning July 1, 1966 and ending June 30, 1967.

Two hundred ninety-three dollars (\$293.00) was collected in license fees as of June 30, 1967 and the money turned over to the City Treasurer, whose receipts I hold for that amount.

This amount represents licenses for 49 restaurants, cafes and pharmacies; 41 groceries; 3 bakeries; 4 milk peddlers; 5 creameries; a total of 113 licenses, 104 at \$2.00—4 at \$5.00—1 at \$25.00—4 at \$10.00. Total \$293.00.

All creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the creameries and submitted to the Board of Aldermen, were accepted and published in the Rutland Herald.

I wish to thank the producers, plant operators and owners, and the State Inspector, Mr. Donald George, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Milk Inspector

Meat Inspector

July 18, 1967

To the Honorable City Council, Rutland, Vermont:

Gentlemen:

The past year, I have found no violations to the City Meat Ordinance in my periodic inspections. They have cooperated in keeping within bounds of the city law in cleanliness and buying.

I have inspected 264 head of cattle and 23 calves.

Fees amounting to \$275.50 have been collected and given to the City Treasurer.

Respectfully submitted,

H. HUGH QUIMBY, D.V.M.
Meat Inspector

Director of Welfare

See Page 111 for Financial Summaries

To the Honorable City Council and
Citizens of the City of Rutland, Vermont:

In April of 1967 the Vermont State Legislature passed House Bill 194 known as the Social Welfare Bill. It was one of the most important and progressive pieces of legislation ever passed by that body and the effects will be felt in every community in the state. In substance the bill transfers the administration of welfare from the local overseers to the State Department of Social Welfare. The law will go into effect in October of 1968. However, phases of the new regime are already in operation. Increased state participation in present welfare programs has resulted in a saving of \$35,000. in 1967-68 over expenditures of the previous year. As of July 1, 1967 the State has assumed full payment for medical or nursing home care for anyone receiving assistance from the Social Welfare Department in any of the four categories, i.e., Old Age Assistance, Aid to the Blind or Disabled or to Needy Families with Children. In addition to this the towns will no longer have to contribute to the care of children committed to the Welfare Department. Eventually all welfare costs to the City will be eliminated.

The financial savings are most welcome but the humanitarian aspects of the bill are even more significant. Hopefully it will eliminate many of the inequities which exist under the present system and will enable some welfare recipients to be helped toward a goal of independence.

In the fiscal year of 1966-67 the City Welfare Department gave assistance to 547 persons at a cost of \$172,718. As always the major portion went for hospital and medical care.

Monthly distribution of government surplus commodities aided 650 families. It is expected that sometime during the coming year this program will be replaced by a Food Stamp Program administered by the State of Vermont.

I wish to express my gratitude to Miss Catherine Walsh and Mrs. John Halpin for their invaluable help in the administration of the Welfare Department.

I also wish to express my thanks to Mayor Nichols and the Board of Aldermen for their cooperation and help during the past year.

Respectfully submitted,

MRS. MARTHA DePOY
Director of Welfare

Building Inspector

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

I submit the following permits approved from July 1, 1966 to June 30, 1967.

	Units	Amount

		<hr/> \$4,662,499.00

Respectfully submitted,

GLENN S. MORSE
Building Inspector

City Attorney

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

I am pleased to submit the following report for the office of City Attorney covering the period from July 1, 1966, to June 30, 1967. During the first nine months of this period the office was filled very ably by Arthur E. Crowley, Esquire, who chose not to seek reappointment upon the expiration of his two year term of office on April 1, 1967. My appointment as City Attorney became effective on that date and I have served in this capacity since that time.

The following is a list and description of the pending court cases since the inception of my term:

(1) City of Rutland v. Theodore Keiffer and Catherine Keiffer, Rutland County Court of Chancery—Docket No. 2632; This suit was commenced on March 1, 1963 to enjoin the defendants from operating a trailer park in violation of the zoning ordinance. Defendants filed a cross bill alleging that the city unlawfully installed a sewer line across property belonging to defendant Catherine Keiffer. The case is presently awaiting entry of judgment in favor of the city with respect to the zoning issue in accordance with the decision of the Vermont Supreme Court. The cross bill is likewise still pending.

(2) Jerome R. and Frances M. Smith v. City of Rutland, Rutland County Court—Docket No. 21411; The suit was brought against the city on November 22, 1965 to recover for damage done to property of plaintiffs as a result of a defective sewer. It was settled out of court on June 31, 1967.

(3) City of Rutland v. Theodore Keiffer, Rutland County Court—Docket No. 21963; This suit was brought in Rutland District Court on December 15, 1966 to recover the expenses incurred in demolishing a building owned by defendant under the dangerous building ordinance. Defendant filed a counterclaim for damages in an amount in excess of the jurisdictional limit of the district court and, therefore, the case was transferred to county court where it is still pending on the docket.

(4) City of Rutland v. Rachael Fredette, Rutland District Court. This suit was commenced on September 3, 1966 to recover for welfare assistance furnished to defendant who by law was not entitled to receive it. The case was settled out of court on May 15, 1967.

August 10, 1967

(5) City of Rutland v. Town of Rutland, Rutland District Court—Docket No. 249; This suit was commenced on May 9, 1967 to recover for welfare assistance furnished to persons who allegedly had legal settlement in the defendant town. It is still pending on the district court docket.

(6) Estate of Reita Helen Moore, Rutland District Probate Court; a petition was brought by the city on July 6, 1967 praying for escheat of the assets in this estate inasmuch as it appears that the decedent left no heirs.

In addition to the above court cases, numerous claims against and on behalf of the city have been handled through this office. These include such things as damage to parking meters and damage to private property in the course of public improvement projects.

Legal advice has been rendered to virtually every department of the city government and formal legal opinions have been given on the following subjects:

- (1) Local Issuance of City Bonds;
- (2) Right to Know Law;
- (3) Authority of City to Regulate Day Care Centers;
- (4) Liability of City for Discharge of Surface Water on Private Lands thru Culverts;
- (5) Poll Tax Exemptions.

A large amount of my time has been spent in drafting and reviewing contracts, deeds, leases and general legislative work. Nevertheless, the greatest amount of my time has been consumed in working on two large projects, namely the city ordinance revision and the new River Street Bridge Project.

Lest their labors go unnoticed and therefore unrewarded, I wish at this time to commend publicly my predecessor, Arthur E. Crowley, Jr. and Alderman Craig E. Perkins for their excellent work towards the completion of the Revised Ordinances of Rutland. The people of the city owe an everlasting debt of gratitude to these two men who have dedicated an immense amount of time and effort to this task of bringing about the first over-all ordinance revision since 1923. I have had the pleasure of working along with Alderman Perkins on this project since I assumed office and it is hoped that the new revision will go into effect before January 1, 1968.

The acquisition of property for the construction of the new River Street Bridge is the other project to which a very great deal of my time has been devoted. The construction plans call for a wider structure than the present span and, therefore, it has become necessary to acquire land from owners of adjacent private

property. Negotiations with these adjacent owners were commenced by my predecessor and have continued since I assumed office with varying degrees of success. The proximity of the proposed new bridge to certain businesses in this area and the possible deleterious effects on these businesses during and after the construction have made for some very complex issues in the negotiations and have brought about some structural redesigning of the bridge. We have encountered additional problems in co-ordinating the land acquisition surveys prepared independently for the city with the bridge design plans prepared by the state highway department. It is altogether possible that resort to condemnation will be necessary for at least one of the parcels we must acquire and from my experience I would advise that the city commence condemnation proceedings immediately whenever it must acquire land in the future.

It is obvious to me that the job of city attorney is fast becoming a full time proposition. It is no longer a matter of attending meetings of the board of aldermen and rendering a few legal opinions. The city attorney is being called upon for legal direction in almost every phase of the city's operation and for this reason consideration should be given to increasing the salary and expenses of the office commensurately.

I wish to express my appreciation to Mayor Nichols, the members of the board of aldermen and the personnel in all of the city departments for the wonderful help and cooperation they have extended to me during my short term in office. It has been a pleasure to serve the people of the City of Rutland along side of you.

Sincerely,

JOHN D. HANSEN

City Attorney

City Grand Juror

July 1, 1967

*To the Honorable City Council and
Citizens of Rutland, Vermont:*

I am now serving my third term as the City of Rutland Grand Juror, and the most striking aspect of the past year has been the increase in the number of offenses which I have prosecuted—from 363 the previous year to 565 this past year.

This is more than a fifty per cent increase in the number of cases prosecuted, and is a reflection of the fact that I have attempted to cooperate with all city departments, and is also a reflection of the increasing efficiency of the Rutland Police Department.

The Rutland Police Department report details the nature and number of the 565 convictions. It reveals that there are not only increases in the number of motor vehicle and other violations, but that part of the increase is due to enforcement in areas where there had been little enforcement in the past, such as in parking tickets and dog licensing. In addition to the offenses prosecuted in the new full-time Rutland District Court, a number of delinquent and dependent children were brought before the Rutland Juvenile Court and either placed on probation, at the Weeks School, or in the custody of the Vermont Department of Social Welfare. The Mayor and Board of Aldermen were provided with investigations and reports which they requested on a variety of matters, and a great amount of time was spent discussing a variety of problems with city residents.

I sincerely appreciate the cooperation given me during the past year by the Rutland City Police, the Rutland County Sheriff, the Vermont State Police, and all officials and residents of the city who have assisted me in my work. The experience of the past year buttresses the belief that a full-time prosecutor is able to provide the residents of the city with more and better service than was possible in the past. I wish every resident in the city to know that I am always ready to be of assistance in any manner in which my office is able.

Sincerely,

ROBERT EDWARD WEST

Grand Juror

City Clerk

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during the year 1966 was as follows:

Total number of births registered in 1966	739
Total number of deaths registered in 1966	382
Total number of marriages registered in 1966	166

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

A total of \$18,728.20 was collected in fees and licenses and turned over to the City Treasurer. (See City Treasurer's financial report.)

Under Act of 186 of the Vermont Statutes, we continue to furnish discharged service men any records or copies thereof in connection with their service claims for themselves or dependents, without charge.

In addition to the numerous duties assigned to Town and City Clerks under the Laws of the State of Vermont, this office serves as Clerk of the Board of Aldermen and as Purchasing Agent for all City Departments, and Clerk of the Board of Assessors.

I would like to express my appreciation for the loyalty and faithfulness shown by the employees of this office in the performance of their duties and to also express my thanks to His Honor the Mayor, members of the Board of Aldermen and all City Officials and employees for the cooperation received.

Respectfully submitted,

HENRY P. BATTLES,

City Clerk and Purchasing Agent

Constable and Tax Collector

August 10, 1967

To the Honorable City Council:

Gentlemen:

I hereby submit the following report of my activities as City Constable and Tax Collector for the fiscal year 1966-1967.

Delinquent poll taxes, real estate and personal taxes collected amount to \$63,912.66. Delinquent water rents and sewage disposal bills in the amount of \$7,045.64 were also collected, making a total of \$70,958.30.

Many of the delinquent poll and old age assistance taxpayers do not seem to realize that all delinquent back poll taxes have to be paid for self and wife to obtain an operator's license to drive a car or truck, in accordance with the state law and subject to a fine when making application for a driver's license.

Able assistance and guidance on legal problems was extended to me during the year by the City Attorney.

To the Honorable Mayor, all members of the Board of Aldermen and City Officials, I wish to express my sincere appreciation for their cooperation and assistance at all times.

Respectfully submitted,

REIDE B. PAYNE

Constable and Tax Collector

VERMONT DEPARTMENT OF SOCIAL WELFARE

Montpelier, Vermont

This thirty-first in the series of annual reports submitted to the people of Rutland City presents tabulations for the calendar year 1966. In the Department of Social Welfare's program of assistance to the aged, blind or disabled 30% of the costs of hospital and physician services, as well as the excess over \$80.00 per month in Nursing Home Care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care.....	\$25,801.78
Hospitalization Services....	\$10,987.73
Physician Services.....	\$1,208.70

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$10,334.64 and for the latter \$12,521.86* for the year just closed.

During 1966 assistance was granted to 374 residents in your community under the Aid to the Aged, Blind or Disabled program. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services, Medical Aid for the Aged, and Medical Assistance. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN

Commissioner of Social Welfare

*This figure includes charges only through January, 1967 as we have been unable to get the charges posted and bills prepared for the months of February through June, 1967.

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

Once again, it is a pleasure for me to submit to you this Annual Report for the Department of Recreation and Parks.

Total expenditures for the Department were—\$61,067.38

Total receipts were—\$7,805.03.

ACTIVITIES

Spring and Summer

Summer fun begins with the annual opening of the City's three major playgrounds, White's, Meadow Street, and Rotary Field. Inaugurated for the first time this year was a Recreation Program for retarded children held each weekday morning at Havenwood School. The program termed a huge success by those involved will become part of the department's regular sequence of Summer events. Kickball, arts and crafts, organized games and nature hikes are just a few of the events enjoyed by participants of the playground Summer Round of Fun. Highlights included Cowboy and Indian Day, Beatnik and Foreign Day. Rotary Field overwhelmed White's, compiling 62 points to their 36 in the Annual Olympic Day Events, thus closing out the 1966 Playground Season.

The Junior League Baseball Program for boys between the ages of 13-17 was on tap again this season for a five week period. Fifty-eight boys compiled four teams to make a success of the season. With a 5-3 standing the Astros took League Priority. Winners of the tournament were the Yankees.

Scoring high among the adults are the City and Recreation Softball Leagues. Taking first place this year in the Recreation League, for those men over 30 years of age, was Cable T.V., triumphing over Ray Beane for a climax to the season. The City League, for those under 30, Mount Holly came through in a 19-2 victory for the City Softball Championship. Each League had its own all star teams this year.

The Mitey Mites looked like professionals this year with their new league shirts. Winners of the Northern League were the Tigers with a 6-2 season. In the Southern League Division, it was the Reds with an 11-1 standing. Approximately 324 boys took part in this program.

The High School Summer Basketball League held their games nightly at White's Playground. League winners were the Collegians. The hustling Cosmos pressed their way to the

championship by defeating the Collegians with a 97-80 triumph for the hoop title. The All Stars of Rutland beat Burlington, 103-98.

For the third consecutive year in a row a Junior Basketball League was held mornings at White's Playground. Consisting of six teams and approximately 80 boys, the 76'ers defeated the Pistons 71-66 in the finals of the 7th and 8th Grade Summer Hoop League.

June 13 was the opening date for the Midget League. It was an exciting season for both leagues. Kiwanis, champs of the Northern League, clinched the championship title from the Southern Division, K. of C. in a battle that ended 8-2.

The Daisy Mae League, consisting of ten teams, was back in swing again this season. The League was for High School girls of which approximately 198 girls participated. Games were held afternoons at Meadow Street Field.

The Swimming Pool opened up May 29, much to the happiness of the Rutland youngsters. Each year the crowds that fill the Pool seem to grow larger. Lessons ranging from beginners to Senior Life Saving were conducted each weekday morning in two consecutive four week sessions, in which 13,500 took part. Another 45,700 took part in the Recreational swimming. Achievement Day was held in which 125 certificates were awarded to deserving children. More and more businessmen and women are taking advantage of the program offered to them weekdays from 12 Noon to 1 P.M. Another focal point were the Teen Splash Parties held Thursday evenings. Our Swim Team won two out of four and placed fourth in the Twin State Championships. Outstanding swimmer for the team was Patty Stanley. City Championships were held in which 135 swimmers participated. Topping off the season was the Water Carnival, "The Four Seasons."

Our Picnic Loan Service, which gives groups or individuals the chance to use such equipment as horseshoe sets, badminton, tennis rackets, and other outdoor sports equipment, was well taken advantage of this year.

The weekly Block Dances became an issue of some concern when they were transferred from the Depot Parking Lot to White's Playground. After some consultation on the problems involved, an agreement was reached. The new location seemed to suit the teenagers and the attendance at the dances rose considerably.

The Queen and Her Maids, a four girl softball team, made their appearance for the second year in a row before a crowd of approximately 275 amazed spectators. Queen Rosie, 14 years old, has been termed "World's Fastest Junior Girl Pitcher." Again this year the girls took on Rutland's Little League and won.

A beginners sailing class for Rutland area sailors was initiated for the first time this year. The class was conducted at the Recreation Center in conjunction with the International Lightning Class Association. The course was designed to cover the basic nomenclature and principles which apply to all types of sailing crafts. At the completion of land instruction, boats for actual sailing were available.

Fall and Winter

Flag Football for the younger set has been well established. The third and fourth graders made up of approximately 350 boys, formed 10 teams. Climax was the All Star Game in which the Western Division defeated the Eastern Division 12-6. The Fifth and Sixth Grade League was made up of approximately 225 boys and five teams.

Along with Halloween this year came the re-appearance of the famed Mr. Jack O'Lantern. O'Lantern was pursued by City Officials and State's Attorney Robert West, but each time the mysterious Mr. Jack O'Lantern eluded the seekers. The long awaited night arrived and amidst the ghoulish monster march appeared Mr. O'Lantern, unmasked as Ralph Smith of W.H.W.B. Adding a little glamour to the parade, riding up front was Miss Joan White of Otter Valley Union High, as the Pumpkin Princess. Following along were a profusion of pirates, gypsies, animals, ghosts and pirates as far as you could see. Again this year we want to thank the merchants for the use of their window fronts for our window painting events. The parade was termed one of the happiest and by far the longest of the Recreation Department's traditional Halloween Parades.

The Senior Citizens Club has grown over the years, meeting each Wednesday and on special occasions hold dinners and picnics for their enjoyment.

The Elementary School Basketball League for the fifth and sixth grades were held Saturday mornings at the Recreation Center. About 125 boys took part in this well rounded program. In the afternoons, high school boys used the facilities which included the basketball court, game room and teen center.

White's Skating Rink was the first to open on December 30, 1966. Rotary Field and Meadow Street followed in succession. Bases to the rinks were lost many times throughout the season due to heavy rain.

With more enthusiasm each year the Square Dance Program, sponsored by the department, is growing by leaps and bounds and now includes 189 couples. Dances were held Saturday evenings at the Recreation Center Gym and many well known callers from all over New England were presented. Lessons, under the direction of Jim Ford, were given to more than 43 people. Workshops were also conducted.

The Dog Obedience Classes, held each Tuesday in six week sessions, under the direction of Mrs. Pearl Fuller, were filled to capacity. Classes are for both the advanced and beginner dog.

Evening classes continuing again this year include bridge lessons, chess class and tournaments, volleyball league, rug braiding, coin club, stamp club, and a junior stamp club. Afternoon classes included baton, cheerleading and a craft class.

A furniture refinishing class was again held evenings at the Center. The class included instruction in chair seating and all types of refinishing, stencilling, etc. The class, taught by Mrs. Earl Smith, has proved to be a popular one.

Golf Lessons were held evenings, Monday thru Friday, as this seemed to be the popular time. Classes were filled to capacity and were enjoyed by all. Instructor was Hank Vergi, Golf Pro.

Adult Basketball, compiled by twelve teams, is now in its seventh year, and still growing in popularity. The Palms repeated their championship play with a 79-62 decision over West Rutland for the City Hoop Title.

Toys, for our annual toy project, come streaming in to us as early as mid-summer. We want to thank all those citizens who so unselfishly donated toys to the less fortunate children of the City, so that they were able to enjoy the holiday. Special thanks goes to the children of the Rutland Rehabilitation Center who donated their own personal toys for the cause. Over 1,500 Santa Claus letters were mailed out to the children of the city.

Our Christmas Holiday schedule was in full swing again this year preselecting programs for all age groups including . . .

- Basketball Tournament
- Ping Pong Tournament
- Pool Tournament
- Foul and Set Shooting Contest
- Novelty Contest

Prizes and awards were given to the winners of these events. The Bon-Wit Tellers won their fifth consecutive game in the Christmas Basketball Tourney by trouncing the Wolf Pak, 92-43.

The Department assisted in the Chaffee Gallery Art Show which again this summer was held in Main Street Park.

The Department also is associated with the Marble Valley Bridge Club. Making use of the Recreation Center Rooms are the Home Demonstration Club, Women's Club, Garden Club and Downtown Athletic Club.

The Third Annual Talent Show was held April 22, in the Lawrence Recreation Center Gym with a capacity crowd. Sixteen acts performed before the enthusiastic crowd. Miss Bonnie Johnson, 18, of Castleton State College and Rutland, took first prize with a modern jazz dance. Coming in second were the

"Rejects," a Rock and Roll Band from Rutland, and third, Pasquale Valente, a singer. The first prize was an audition for the Ted Mack Show and a \$25.00 savings bond. We want at this time to thank Mr. Robert Laird for all his time so generously given this year and in past years.

Continuing in popularity were the golf movies shown weekly during the winter months and featuring international matches between top, well known players.

The Rutland Family Campers Association now has a membership of 171 families, most of whom own their own camping equipment. In this year's annual camping and sports equipment show, 29 of the members displayed equipment along with 15 dealers. A monthly newsletter, the "Kamper Kapers" reports on special events, has a swap and shop column for those who might be looking for new or used equipment and reports on monthly meetings. From May thru September the Club sponsored a camping safari, which is held at various campgrounds throughout the area.

The Department again operated a ski tow at the Rutland Country Club. Housewives once again escaped the drudgery of routine housework on Thursday afternoons and made their way to the slopes for their skiing lessons, instructed by John Biczko. Quite a few familiar faces and many new ones made up Thursday's scene at the Club. Approximately 70 women took part in this program and because of the enthusiasm the tow was opened afternoons for practice sessions. Lessons for the tots were held on Saturday mornings made possible by the cooperation of the Killington Ski Club.

The Recreation Center itself has become a central point for both young people as well as adults in that it offers many outlets of interest such as basketball, handball, volleyball, and pool.

For those businessmen who need a chance to work out, the Businessmen's Program was constructed during the hours of 12:00 to 2:00 P.M. and 4:30 to 6:00 P.M. weekly for the convenience of those who were interested in keeping physically fit.

The Kite Contest which was first initiated last year and since has become an annual event, was held April 29, at White's Playground. Events included the 40 yard dash, altitude contest, accuracy contest, kite battle and a judging on the most original. Participants were grouped according to ages.

In its second year of success is the physical fitness program, held each afternoon after school for grades three through eight. The class held the enthusiasm of the participants throughout the twelve weeks it ran by mixing the pleasure of stunts, games and calisthenics while striving to carry through the main purpose of physical fitness.

A women's Phys. Ed. class was held again this year under the direction of Mrs. Joanna Maynard.

A Junior Bowling Program, conducted at the Rutland Bowlerama for children seven years old and up was held Saturday mornings. The Recreation Department assisted in the organization and development of this program.

A series of classes on drawing, painting and sculpturing for adults was formed in October and held Wednesday evenings from 7:30 to 9:30 P.M. The class was instructed by Mrs. Barbara Strzelec who has taught art in area schools for many years. Mrs. Strzelec also held a Saturday morning art class both for adults and children.

A new afternoon class for children in grades 4, 5, and 6, was the "Children's Theatre." The program included classes on story dramatization, pantomime, shadow plays, Christmas demonstration, costuming and make-up. Climax of the class was an evening performance held here at the Center.

A make-up and skin care class was conducted for those area women interested in looking their best. Models were used to illustrate the correct procedure. Mrs. Margaret Jones was coordinator of the class.

The department sponsored a "Sing In" this Christmas season. A group of Christmas carolers, under the direction of Mrs. Elizabeth Slayton, visited shut-ins around the city singing the joys of Christmas.

Come Fly with us, that was the call of the Recreation Department's newly organized flying class. The course included eight hours of ground school, 1 FAA private pilot handbook, 1 log book and an introduction flight in a Cessna Skyhawk.

One of the most popular programs to begin this year was the "TOPS" Club, Take Off Pounds Sensibly. The TOPS approach is to use group therapy to help women who want to shed those extra pounds. Members of the group competed with one another while attaining their ideal weight.

A Cheerleading Festival for the elementary grades, complete with workshop practice and competition was held for the first time this winter. Lessons in jumps, arm motions, mounting, stunts and roundoffs were given. A discussion was also held. An evening competition was open for either teams of actual cheerleaders or potential candidates.

A Lacrosse Club began under the direction of James McClellan. Termed the fastest game on two feet, Lacrosse taught good conditioning and team play.

A Drama Class for elementary school children was also initiated for the first time this year. Skits and Acts were presented for the enjoyment of the children.

The first annual city wide pool tourney was held this year in which 125 high school students participated. George Lozier took first prize in the contest.

Through the months of April and May an outdoor activities program including track, relay races, horseshoes and softball was conducted.

The Beautification Program in the Park as well as the pool and playgrounds has been continued this year. Many new shrubs, trees and flowers have been added to the areas.

The Tennis Courts at Rotary Field have been completely renovated. The clay courts have been blacktopped and boundary lines painted. Since the renovation, the four courts have been in constant use. The facility has proved to be a much needed one.

A new addition at the Recreation Center is a downstairs lavatory, constructed on the main floor for the Senior Citizens. The Kitchen at the Center has been converted into an activities room, and a small, more compact Kitchen-Utility Room has been built.

SUMMARY

Physical needs of the Recreation Department include:

- New and Larger Swimming Pool
- Development of Pine Hill Park
- Professional Help
- Playground Space and Tot Lots
- Two Outdoor Basketball Courts
- Handball Courts
- Larger Lawnmower

The Superintendent would like to express his appreciation to the Mayor and the members of the Board of Aldermen as well as the Citizens of the City of Rutland for their continued cooperation and encouragement. I would again like to thank publicly the members of my small staff, Harry Levins and the Rutland Herald staff, Frank McCormack and the staff of W.H.W.B., Philip Weiss and the staff of W.S.Y.B., the Killington Ski Club and John Biczko for our ski program, the Rotary Club, Bill Fredette and Charles Liberty.

Respectfully submitted,

JOHN W. CIOFFREDI, *Superintendent*
Recreation and Parks Department

Airport Commission

To the Honorable City Council
of the City of Rutland, Vermont:

We are presenting below a comparative summary of appropriations, receipts and expenditures on behalf of the Rutland Municipal Airport for the fiscal years ended June 30, 1967, and June 30, 1966:

	Fiscal Year ended June 30		
	1967	1966	1967 over (under) 1966
Receipts			
City's Appropriation	\$17,714.82	\$36,695.96	\$(18,981.14)
Less: unexpended balance returned to General Fund	258.33	258.33
Net Cost to City	17,456.49	36,695.96	(19,239.47)
Receipts from landing fees, rentals, etc.	7,705.84	6,839.50	866.34
Total Net Receipts	\$25,162.33	\$43,535.46	\$(18,373.13)
Expenditures			
Snow removal	\$ 1,760.30	\$ 1,764.06	\$ (3.76)
Fuel, electricity and telephone	5,374.68	4,134.34	1,240.34
Property taxes—Town of Clarendon	1,577.60	1,550.40	27.20
Insurance	1,691.00	1,205.63	485.37
Other operating and maintenance.....	7,327.08	7,974.33	(647.25)
Sub-total--Operation and Maintenance	17,730.66	16,628.76	1,101.90
Bond retirement and interest	6,586.67	6,785.00	(198.33)
Other capital expenditures	845.00	20,121.70	(19,276.70)
Total Expenditures	\$25,162.33	\$43,535.46	\$(18,373.13)

The net cost of the airport to the City of Rutland for the 1966/67 fiscal year was \$17,456.49, which was \$19,239.47 less than for the prior fiscal year. In the prior year \$20,121.70 was spent for the purchase of a Sicard Snowmaster and six new heating units for the large hangar, which were, of course, non-recurring capital costs. Capital expenditures in the 1966/67 fiscal year amounted to \$845.00, exclusive of bond interest and retirement.

The net expense of airport operation and maintenance for the year, including credit for receipts from landing fees, rentals and other items, was \$10,024.82, only slightly higher than the prior fiscal year.

In the 1966/67 fiscal year Mohawk Airlines brought 1231 passengers to Rutland—which was 165 more than the year before—and carried 1381 passengers away from Rutland, also an increase over the prior year.

While this modest increase in passenger business for Mohawk Airlines is welcome, means must be found to keep it increasing and at a faster pace. Also, it is evident, as we have stated before, that the greatest use made of our airport is in the field of so-called private flying—the use of business and pleasure aircraft by their owners for themselves or for private charter.

Following is the record of use of the scheduled airline facilities for the past five years:

Fiscal Years Ended June 30					
	1967	1966	1965	1964	1963
Passengers					
Enplaned	1,381	1,236	1,525	1,128	993
Deplaned	1,231	1,066	1,269	843	872
Air Mail (lbs.)					
Dispatched	3,039	2,435	2,714	2,843	2,309
Received	4,065	2,501	3,724	1,572	2,096
Air Express (lbs.)					
Dispatched	1,365	5,855	1,513	1,553	1,371
Received	11,818	18,354	12,538	5,758	9,661

Civil Defense

August 8, 1967

Honorable City Council,
Rutland, Vermont

The Rutland City Civil Defense Organization is prepared through its staff of very capable and well trained Chairmen to assist you in protecting your family from nuclear fallout or in a natural disaster.

Rutland City presently has 20 fallout shelters with a rated capacity of 5,300 people. This leaves a deficit of 14,000 people to be sheltered. This year we have two projects, which when completed, should substantially reduce this deficit.

One project is the **Home Fallout Protection Survey** conducted by the bureau of census. If the intent of the survey is carried out by the people it will be of great advantage in increasing the protection factor of the home shelter.

The other, the **Community Shelter Planning Program**, is the foundation of local emergency readiness. It is being conducted by the Army Engineer Corps. When completed it will be a master plan for movement of people to shelters and assistance to other emergency departments of the City. This project will be completed in eight months. Both of the above projects will be of no expense to the City.

Our Communications System, through its staff and operators, is one of the best in the country for a city the size of Rutland. It functions from either of our two emergency operating centers. In the event of a nuclear attack we operate from the Library Building. In a natural disaster, from the second floor of the City Hall. Our 11 meter operation has at least 23 mobile units which may be activated in very short notice. Our eight 2 meter radio units are located in the Radio Station (WHWB), hospital, schools, Fire Department, Police Department and Central Vermont Public Service.

Rutland Civil Defense will take a long step forward in the coming year.

I wish to thank his Honor the Mayor, the City Council and all the City Officials for their assistance and cooperation.

Respectfully submitted,

W. HOWARD SHERMAN

Director, Civil Defense

Pension Board

September 1, 1967

To the Honorable City Council:

Gentlemen:

The net cost of the City Pension Plan for the fiscal year ending June 30, 1967 was \$46,198.93. The amount of \$11,541.51 was paid to pensioners and \$34,653.42 to the Connecticut General Life Insurance Company.

Since the start of the plan January 1, 1938, one hundred and one have been retired of whom forty-six are deceased.

As of June 30, 1967 there are one hundred and ten contributing members.

The budget requirements for the fiscal year beginning July 1, 1967 will amount to \$76,725.16.

Your committee is presently in the process of studying the pension plan for possible improvements.

Respectfully submitted for the Committee,

PATRICK H. MANGAN

Assessors' Office

October 1, 1967

To the Honorable City Council:

The report of the Assessors is respectfully submitted,

The assessed valuation of all properties in the City of Rutland at 50% of full value beginning as of July 1st, 1967 is approximately \$45,125,596.00, which has resulted in lowering the tax rate to \$6.75 per hundred of assessed valuation for the fiscal year 1967-1968.

The Assessors wish to express their appreciation to the Mayor, Board of Aldermen, and to all City Employees and Rutland Taxpayers, for the cooperation and courtesy extended to this board during the past year.

Respectfully submitted,

JOHN D. PISANELLI, *Chairman*

ROBERT W. FOX

RAYMOND H. SHAW

Board of Zoning Adjustment

July 28, 1967

To the Honorable Mayor Nichols and the Honorable City Council,
Rutland, Vermont:

We hereby submit to you activities of the Board of Zoning Adjustment for the year 1966-1967.

We have held on the average of two meetings a month, beside the many investigations members of the Board have made. Our Board Chairman himself, has made investigations of approximately 75% of the requests which have come in for mobile homes, home occupations, home improvements, garage apartments, business buildings, as well as rezoning of a few areas.

We wish to thank our retiring City Clerk, Henry Battles, for his many years of kind and gracious cooperation. He was always willing to give his time and assist in any way he could and we sincerely appreciated it. We wish him health and happiness for many years to come.

In closing we wish to thank His Honor, the Mayor, the Board of Aldermen, City Zoning Administrator and all the City Officials who have been most cooperative to us.

Sincerely,

BOARD OF ZONING ADJUSTMENT

MARY V. QUIGLEY, *Secretary*

Library Treasurer

Honorable Harold J. Nichols
Mayor of Rutland
Rutland, Vermont

July 21, 1967

Dear Mr. Nichols:

I am happy to enclose to you the Financial Report of the Rutland Free Library Association, Inc. covering the period from July 1, 1966 to June 30, 1967.

May I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, my sincere appreciation of the cooperation of all of you in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

EUGENE J. FRANZONI, *Treasurer*
Rutland Free Library Assn., Inc.

City Treasurer

September 13, 1967

To the Honorable City Council,
Rutland, Vermont.

Gentlemen:

I present herewith the 1967 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1967.

All debt service requirements of the City were met promptly during the year. Serial bonds totaling \$231,000.00 were retired. Payments of \$7,649.24 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$51,998.00 of which interest amounting to \$19,267.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services, and other miscellaneous revenues.

During the fiscal year ended June 30, 1967, revenues actually received were \$20,647.30 more than budget estimates, and expenditures were \$53,736.34 less than budgeted appropriations.

The Budgetary system has been an important factor in the City ending another year with a sizeable surplus because of a control of appropriations and expenditures.

SCHOOL FUND: During the fiscal year ended June 30, 1967 revenues actually received exceeded budget estimates in the amount of \$72,290.83 and expenditures were \$12,600.89 greater than budgeted appropriations. As at June 30, there was a surplus in the amount of \$69,490.12.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1967.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1967.

Respectfully submitted,

W. J. SIMONDS,
City Treasurer

Auditors' Report

September 30th, 1967

To the Honorable City Council,
City of Rutland, Vermont

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period July 1, 1966 to June 30, 1967.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and other auditing procedures as were considered necessary in the circumstances.

In our opinion the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30th, 1967 and the result of operations for the fiscal year.

Respectfully submitted,

R. NEWTON OWENS

JAMES L. RALEIGH

WARREN G. GOODRICH
